# OUR STORY

Every year 35964 tons of plastic waste are produced by shampoo bottles, which corresponds to 900 garbage transporters. Each person throws away 11 plastic shampoo bottles per year. To reduce this, we have thought of a way to easily refill shampoo or soap at any time.

Soapify is an app that helps you find all the places - shops, stores or vending machines - where refillers can get in and fill their containers with soap.

We are a community of environmentally conscious people and shops that work against plastic garbage.

We offer a simple alternative to filling soap without
